

CARBONDALE.

TOTAL SURETY OF \$5,000.

Three Arrests Made in Forest City Growing Out of the Tucker & Maxey Failure.

Constable Neary and Deputy Wright of this city, created a sensation in Forest City, Thursday afternoon, which has not yet found its way into the newspapers. They were armed with a warrant like the one Tucker & Maxey of this city, were arrested on, and authorized the taking into custody of M. P. Jacobs, Harry Josephs and C. H. Berry.

They were charged with being implicated in the alleged fraud of which mention was made in yesterday's Tribune. The last named is accused of having sold some of the "fraudulent" obtained, clandestinely removed and concealed goods in Susquehanna.

However, when the officers made a prisoner of Jacobs he sent for his legal adviser, Josephs. The latter with great show of learning and confidence of baffling the Carbondale constable, demanded to know whether the warrant was properly "backed." Instead of making a detailed explanation of the contents and "backing" of the warrant, the constable informed Josephs that he was also named in it.

This took the sand all out of him and with fear and trembling he asked to be permitted to depart alone to seek bail. This the officer would not allow, and during the two hours hunt for a bondsman it seemed that the whole population was at their heels. Deputy Wright took good care of Jacobs and Josephs while the constable arrested Berry in an out-house near his home.

All the firms named as being after Tucker & Maxey will be behind the prosecution of these men. Each defendant furnished \$1,000 bail, at Justice Collins', making a total surety of \$5,000 in this case.

THE PASSION PLAY.

The celluloid film containing the photographs of the unique and artistic reproduction of the famous "Passion Play" is about 6,500 feet, or over a mile in length, and there are in all 1,240,000 separate pictures on it. The reproduction, as it will be seen in this city for four productions on Monday and Tuesday next, follows very closely the lines of the Ober-Ammergau version. The programme of the play includes a number of instances in the life of the Saviour that have not been touched upon in that production.

Christmas services will be held in the Presbyterian church tomorrow morning and evening. Rev. J. E. Hammond will occupy the pulpit.

Last evening the pupils of the kindergarten gave a Christmas entertainment.

HYPNOTISM

Some men are said to possess a power which enables them to induce in others such wonderful animal magnetism that they can put other persons to sleep by passing the hands before the eyes. This is called hypnotism—an influence about which very little is known, and it is not a difficult matter to find out. People who have been put to sleep in this manner, you can find hundreds and thousands of women, however, whose sleep has been made peaceful and restful by Dr. Pierce's Favorite Prescription. It soothes the nerves by curing the disorders commonly called "female troubles." It is induced by an army of women in every State in the Union, who have been brought back to health after suffering untold misery from disagreeable drains upon the system, irregularities, prolapsus, backache, "bearing-down" pains, nervousness, despondency and hysteria. "Favorite Prescription" is a vegetable medicine, and contains no alcoholic stimulant or dangerous narcotic to create morbid cravings. It acts as a tonic altogether to the distinctly feminine organism, which it heals, soothes and strengthens. It helps to make existence pleasant before baby comes, and on the occasion of the little one's advent, danger is avoided and the pain reduced to almost nothing.

Mrs. Anna Wiley, (Michigan House), of Northville, Spink Co., S. Dak., writes: "I am enjoying good health, thanks to your kind advice and valuable remedies. I suffered very much with female weakness and other ailments for more than two years, when I wrote to you for advice. After carefully following your advice and taking six bottles each of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' I am now as well and happy woman. I have also taken several vials of your 'Pleasant Pellets' which did me a great deal of good."

Accept no substitute, which a dishonest dealer may urge as just as good as "Golden Medical Discovery." Send at once stamps to Dr. R. V. Pierce, Buffalo, N. Y., for his Common Sense Medical Adviser, a great doctor book by a great physician. Cloth-bound 31 stamps.

PITTSSTON NEWS

The incendiary at Work Near Ransom—Lost in the Mines—Accident on the "Cut-Off"—Other Local News.

The residents of Ransom and vicinity, including both sides of the river, have become panic stricken owing to the destruction of their barns and out-buildings, which is clearly the work of the incendiary. The last happened at high noon yesterday and was started in the barn on the roadside, the property of the Saxe estate and occupied by Will Dietrich. In the structure was all his possessions, including his horses, wagons, farming implements and almost the entire crop of the past summer. A breeze from the river fanned the flames and in short order communicated with the large barn and wagon sheds of the Gilmarin hotel and those were reduced to ashes. Those who reside in the vicinity used their best efforts to save the hotel building, and in this they succeeded. Dietrich is insured for \$100 in a Tunkhannock agency and the hotel barn was also insured. Mrs. Gilmarin and her boys entirely abandoned the place, and the hotel to ex-Chief Hepler, of West Pittston.

A FAMILY MEDICINE.

Pe-ru-na the Friend of the Household, the Protection of the Home.

Coughs, Colds, La Grippe, Catarrh, Croup, Sore Throat, Bronchitis, Quinzy Are All Catarrhal Diseases.

Holiday Dinners Bring Catarrhal Derangement of the Stomach (Indigestion.)

The Roberts Family, of Denison, Iowa, Are Healthy and Happy—A Rare Sight in These Days. They Say, "We Think Pe-ru-na is the Greatest Medicine on Earth."

No man is better known in the State of Iowa than Mr. C. J. Roberts, contractor and mason. A typical American—stout, shrewd, and full of business sagacity. He is not only a provider for his family, but a protector. In a recent letter to Dr. Hartman he writes, among other things, as follows: "Our boy, James, had the membranous croup, and after he recovered he was subject to repeated attacks of lung fever. Our boy, Charles, was also subject to attacks of pneumonia and pleurisy, our third boy, John, was subject to fever and ague (malarial) and liver trouble. Your remedy Pe-ru-na cured my boys entirely, and now I have three of the healthiest boys in the State of Iowa, which I attribute to your medicine. My wife had a stomach trouble which Pe-ru-na also cured. Altogether for my whole family we have used nineteen bottles of Pe-ru-na, and have thus saved \$20 in doctor's bills. I am a contractor and mason by trade, and am known all over Northwest Iowa. I have had a stomach trouble which has been greatly relieved by your Pe-ru-na, and which I am still taking it. We think it is the greatest medicine on earth."—C. J. Roberts, Denison, Ia.

Consumption Threatened.

Mr. J. W. Draper, Gainesboro, Tenn., writes: "For many years I had been a continual sufferer from that dreadful disease, chronic catarrh. I gave up hopes of ever being relieved. I tried every remedy my friends recommended, but all in vain. Finally I took to my bed. My friends had all given me up to the gods, and I should have been in the last stages of consumption. Having a bottle of your Pe-ru-na, I began to take it, and in a few days felt so well that I got up. I continued it, improving all the time, until I was able to get about my usual day's work as almost any man. This happened four years ago."

It is a fact of ever increasing astonishment that so many otherwise sensible and provident people will, for the neglect of a simple precaution as to have a bottle of Pe-ru-na at hand, bring upon themselves the needless suffering and foolish expense that a practitioner of medicine is forced to witness every day.

A sore throat, which, without the assistance of a doubt, would soon become a case of chronic catarrh, which will require many bottles to entirely cure.

A slight cold, which, without the assistance of a doubt, would soon become chronic bronchitis, which may require a persistent use of Pe-ru-na for some time.

Every practicing physician sees many cases of consumption each year directly

Holiday Dangers.

Christmas and New Years bring their joys, long anticipated and heartily enjoyed. But the pleasure of holidays is not entirely unalloyed. The big dinners, the nuts and candies, the thousand and one delicacies and rich wines that tempt the palate and reduce the appetite, are too well known to need mention.

All this leads to deranged stomachs. Catarrh of the stomach is the immediate result. Gastric catarrh, the doctors call it. One or two doses of Pe-ru-na at the time prevent a long stage with catarrh of the stomach, generally called dyspepsia. What the doctors call dyspepsia, and the people call indigestion, is in reality catarrh of the stomach.

Holiday over-eating is not entirely confined to the children, either. The old folks sometimes do so too. Whole families suffer together, catarrh of the stomach. That is the correct name for it.

Right here Pe-ru-na, the friend of the family, comes to the rescue. Pe-ru-na cures catarrh wherever located. If the catarrh is in the stomach, it cures it. If it is in the bowels, it cures it. It cures catarrh on Christmas or New Year's, or any other time of the year. It cures the catarrh of over-eating, or the catarrh of under-eating. It cures the catarrh of long standing and the catarrh of recent origin. No family is exactly safe without Pe-ru-na. Nothing will take the place of Pe-ru-na. Insist upon having it and no other.

Chronic Catarrh Cured.
